FACULTY SPORTS INCARGE

ARUN PERUMAL

GENERAL SPORTS SECRETARY

HIMANSHU KEJRIWAL

FACULTY ADVISOR

ANUP SHUKLA

VICE GENERAL SPORTS SECRETARY

ARPIT SACHAN

ABOUT US

The desire to compete is an innate human trait. Well, that's what we'd claim IIT Jammu's inspiration to be for its inaugural edition of Convoquer. A one of a kind affair, Convoquer is not just an outdoor sports tournament, but, an overall recreational meet including Indoor Games and Mountain Sports. It is an accurate reflection of the versatility of our Institute in terms of sports capability. The first full-fledged sports event being conducted by IIT Jammu, comprises 7 disciplines, namely, Cricket, Volleyball, Basketball, Badminton (men and women), Table Tennis, Chess and Mountain sports. This 7-day contest is being commenced so as to develop a vibrant student culture at our budding institute.

INSPIRATION

After our stint at the Inter IIT Sports Meet 2017, we were encouraged to participate in the sports fests at other IITs this spring, though our sports secretary, Himanshu, was not too convinced. He considered organising our own fest rather than sending a few teams to other IITs. This brainchild of his, led to the inception of Convoquer, which gave us a chance to identify the best amongst the students at IIT Jammu, while enjoying the comforts of being at home. The consistent support of the Director, Dr. Manoj Singh Gaur and Dr Anup Shukla during our Inter-IIT sports preparation, led us to believe that we are competent enough to organise a week-long engaging meet and that too in the institute's second year. We are also grateful to the officials at BSF Paloura and JKCA for granting us access to their grounds.

FORMAL EVENTS

ADVENTURE SPORTS

TREKking

RAPPELLing

MOUnTAIN CLIMBing

THEME

Convoquer's theme "rise and shine", is motivated by the grit and determination the students possess, enabling them to evolve into well-rounded personalities and letting them outshine in all aspects of life. The competition, being a collective endeavour of both students, faculties and staff members, is an embodiment of persistence and aspiration, contributing to the overall growth of IIT Jammu. As the contingent size was bounded for the new IITs during the last two inter IIT Sports Meets, this is a perfect opportunity for the newcomers to showcase their physical prowess. Due to less number of girls in the institute, we were unable to participate in team sports in the women section. However, we have ensured that girls get a fair break to show off their skills.

FORMAT

The three core branches will be pitted against each other, viz; computer, electrical and mechanical, with the students from civil engineering being distributed among the above three.

Credits will be awarded to each sport on the basis of the number of participants.

Three league matches will be conducted to decide the finalists in each event.

The overall tournament winner will be the team with the maximum number of credits by the end.
